Post-16 Pathways

BTEC, C&G and other vocational courses offered by Further Education/Sixth Form Colleges in the Harrow and Hillingdon Area

Vocational Courses

Vocational courses offer something different to an Apprenticeship (work-based learning) and A-Levels (classroom and exam-assessed learning).

Course Level	Who are these courses for?	What is the academic equivalent?
Level 3	For students who achieve grades 4+ in most of their GCSES	Level 3 courses are the equivalent to A Level
Level 2	For students who achieve mostly grade 3s or below in their GCSEs	GCSE

BTECs are an example of a vocational course that mix practical and academic learning and emphasise coursework over exams. BTECs can either be studied a number of ways.

You can even study two BTECs if you study a Diploma + an Extended Certificate

If the majority of your GCSE Grades are Grade 3 or below, you could consider a Level 2 BTEC - this is the equivalent to GCSE and you may be able to progress to a Level 3 course when you have successfully completed the Level 2 course.

NVQs are professional-based qualifications – they won't lead to university (unlike Level 3 BTEC courses) but they will lead to employment in a range of careers

LEVEL 3 Courses - Equivalent to A Level - For students who achieve grades 4+ in most of their GCSES
