

Bridging Tasks: Year 12

A Level FINE Art

Welcome to the A- Level Art and Design Course at Pinner High School. This is an exciting course, which will develop your technical skills along with helping to broaden your knowledge and understanding of Art.

It is really important that you enjoy your Art journey but equally, we expect you to be disciplined and self-motivated...From the outset you will be producing work independently. We are here to support you in the Art department throughout the course; however, at this level the emphasis is less teacher directed and more directed by you.

Main Task –Summer Diary/ Journal:

(Please see separate information pack for full guidance on this task)

Keep a small sketchbook so that you can doodle, sketch and note down ideas/ record/ photograph anything you find interesting or inspirational. Aim for a sketch a day!

The Summer Journal is the compulsory element of your Art bridging work. This unit is to allow you to practise and build upon some of the core skills needed in Art but ultimately the aim is to develop your own insights and creative thought processes.

We look forward to seeing your Art Journal in September 😊

Other Tasks and references:

It is also important to expand on your knowledge of other artists' work by visiting museums and galleries. Aim to visit at least one exhibition if you possibly can!

You can also Investigate the world of Art even further by looking at some of the following suggested books, websites and podcast resources.

Please ensure you document any of the inspiration or insights you gain from your reading/listening/ investigations or gallery visits as part of your art journal!

Try to visit exhibitions and museums, see a range of different shows to develop your understanding of different types of artworks – You never know what you might enjoy!

Document your visits by creating small sketches/ notes on what you have seen.
