

June 2026

Dear Parent/Carer

A Level Results Day and Post Results Services

Now that the exam series has come to an end we would like to notify you about results day and post exam results services.

School will open from 8am on Thursday 13 August, at which time the results envelopes will be distributed. Staff will be available to support our Year 13 students with further steps.

Although we encourage your child to come to school on the day to collect their results, we understand there may be extenuating circumstances restricting this. If your child cannot attend results day in person, please ask them to complete this form [Results alternative collection](#). This form must be submitted before the end of term on Friday 17th July.

As a school we will be offering the following post results services all of which are chargeable:

- Review of Marking
- Clerical re-checking
- Access to Scripts

These services are for students who have gained a lower grade than expected and therefore believe the exam board may have made an error in their marking. Please note there are fees attached to these which must be met by the candidate, not the school.

To request any review service the candidate must complete a Review of Results Form which we will have available on results day (this will also be available on the Exams section of our website, along with the fee breakdown). The Review of Results Form will provide consent for the application to take place. The Examinations Officer will make the application once you have made payment via the school's ParentPay system.

Please be aware grades can go down as well as up. For more information please refer to the relevant JCQ website page here: <https://www.jcq.org.uk/exam-results-data/post-results/>

If you have any questions, please email us before the end of term on hpandya@pinnerhighschool.org or hleach@pinnerhighschool.org

Yours sincerely

Mrs H Leach
Examinations Officer

Mr H Pandya
Deputy Headteacher & Head of Sixth Form
